

## MR. BIPLAB PAL'S MOCKERY

By  
Sona Kanti Barua

I read your mockery relating to your Indian (Gandhi & Nehrus) democracy. Bengali Hindu / Muslim could not become a prime minister of India. Jawaharlal Nehru's family dictate your Indian democratic values as you are all slaves of Gandhis and Nehrus. SHAME ON YOU as I am crying for your respects and honour. J. Nehru was the first prime minister of India without Netaji Subhas Chandra Bose. Like you many Bengali leaders betrayed Rabindranath Tagore and Netaji Subhas Bose. Among them Desh Bandhu Chittaranjan Das was one of them who supported Mr. Mahatma Gandhi. Mahatma Gandhi lost his non-violence morality when Netaji Subhas Bose became the president of the Indian Congress. Bengali leaders betrayed Netaji Subhas Chandra Bose and supported Mahatma Gandhi. Netaji Subhas Bose was right and Mahatma Gandhi was wrong in the political movements of India. Your CPM government could not serve your West Bengal with humanity. Bengali Hindu leaders lost their humanity and honesty in their daily lives. Brahmanism destroyed Bengali Hindus way of life. There is no holiday for Buddha Purnima in West Bengal government's gazette. West Bengal government is an idiot like you who hides history of Buddhism.

Later J. Nehru's daughter Indira Gandhi and her son Rajiv Gandhi became prime ministers of India. At present Rajiv Gandhi's wife and son president and secretary of the congress. Morning shows the day as you do not understand it well in the democratic sense of your history. Muslims are the fear for Hindus. Real fear is the tragedy of caste-system and it is the root of all evils in India. Assamese Muslim became the president of India. Bengali Hindu could not become the president of India. There are many / many and many reasons. Bengali Hindus do not help his / her own brothers and sisters. This is it. You take pride in it and your contentment of historical backgrounds indicates according to your image of egotism. Silence is gold but word begets word. Nehrus and Gandhis should not be leaders for a democratic India since 1947 to 2008. But Bengalis are slaves of Gujratis, Nehrus and Gandhis. West Bengal leaders are followers of Gandhis and in 60 (1947 – 2007) years there is no any Bengali leaders could be a prime minister or president of India. There are several reasons. Party did not support Mr. J. Basu and Mr. P. Mukherjee is a powerful minister. In future how will you satisfy your next generation? No Bengali leaders could become the president of Congress after Netaji Subhas Chandra Bose. Don't boast your historical experiences. Try your best to find your own faults and tell the Indian Govt. to catch Prabhakaran (Tamil leader). What Sri Lanka did it is wrong. Mr. J. Nehru kept the Kashmir in India and gave Chittagong Hill tracts to Pakistan it was right. Let me show your knowledge of mirage or real experiences of Indian history.

Mr. Mohammad Ali Jinnah and Subhas Chandra Bose were failed in the Gandhi's Rama O Rama politics. A stunned Congress Party has conceded that BJP's Hindutva campaign was responsible for the Hindu Politics on the God Ram. Political analysts pointed out that it was the Congress Party's soft Hindutva stand poor and unattractive campaign that failed to impress the secular India. In fact, the party's inability to consolidate the Buddhists, Muslims, Sikhs, Jains and Dalits votes are being seen as the major reason for its defeat in the country.

Religion means renunciation in temptations and violence to dedicate lives in establishing the “Rule of Law.” Blood thirsty political religion made War crimes in Bangladesh. Fundamentalists Jamat members of Bangladesh are subject to prosecute the persons for genocide in 1971. Recently Indian Mass Media reported that “Everything exists because of Ram,” as B. R. Bharadwaj, Law Minister of India said. Is it secular India or Brahman’s Vedic India? Mr. Bharadwaj who called a news conference in haste and said, “There is not requirement of any proof to establish the existence of God Ram.” At first Indian scholars said that there is no any evidence in history relating to god Ram. Buddha insults & Ram glorifies in the Ramayana. So L. K. Advani insisted that the Prime Minister and Sonia Gandhi should apologise. But Vishwa Hindu Parisad (World Hindu Council) buoyed by the response to yesterday’s campaign against the canal project also turned up the heat with a rider. Thus they are destroying the secularism in India. Who will save India from the tragedy of religious curses? Get the State Out of the Ram, Rahim or Sacred.

Hindu fundamentalists are taking over the roots of Indian politics. Human Rights activists say that the glorification of Ram continues. India today presents a stark study in both the progress and prejudices that in the Ramayana’s Ayodhya chapter verse number **32, “Buddha is like as a thief, know the Buddha to be an atheist.”** In hate speech cases against anti-Buddhists the context of about the activities of political minds of rulers and priests Brahmins who was started Brahmanism to absorb the Buddhism of Indus Civilization ( Miscellany on the Buddha, Buddhavamsa, History of Buddhas in Pali languages and Buddhism, Mohenjodaro and Harappa Cities by Swapan Kumar Biswas, 1999, 390 pages ). It is also most remarkable that the Ramayana was copied from the Buddhist Dasaratha Jataka (Jataka No. 461) and this is the source of the Hindu epic Ramayana as Dr. Suniti Kumar Chatterjee declared in the Asiatic Society in Calcutta in 1968.

Where there is humanity, there is religion. Whereas this is a very painful situation concerning the sacred Buddha Gaya of world Buddhists’ holiest religious place being controlled by a group of non-Buddhists (Hindus) whose avowed goals are detrimental to the interests of the other religion. Resolutions adopted during the 18<sup>th</sup> W.F. B. (World Fellowship of Buddhists) General Conference in Taiwan, dated October 27 – November 2, 1992;

(1) “Whereas the Buddhagaya Management Committee is now headed by Hindu (the magistrate of Gaya District), and a committee of eight persons of whom four are Hindus.

(2) Whereas this is a very painful situation concerning a sacred religious place of one religious community being controlled by a group of people belonging to a difference faith whose avowed goals are detrimental to the interests of the other religion.

(3) Whereas in the legitimate struggle of the Indian Buddhists to put an end to the sacrilege that is being perpetrated at the sacred Buddhist site of Buddha Gaya, a historic duty and responsibility is cast upon the rest of the world Buddhist community to extend its fullest support, morally, financially, materially and vocally toward this cause.

(4) Whereas we express our grateful thanks to the Venerable Japanese Bhikkhu Sangha (Buddhist Monks’ Council), including the Most Venerable Nagarjun Shurai Sasai for the espousing the sacred cause of the Indian Buddhists from many parts of the globe assembled in Taiwan for the 18<sup>th</sup> General Conference of the W.F.B., express our

complete solidarity with the Indian and Japanese Buddhists to preserve the sanctity of Buddha for the Buddhists.

(5) Therefore Let it be Resolved that the WFB. Efforts immediately to galvanize international opinion in relevant international organizations to address the plight of Buddhist community at Buddhagaya, further resolved that the WFB. Make an appropriate demarche on the Indian Government to guarantee the management of Buddhagaya by Indian Buddhists.” Humans are going to have to develop tolerance for each other’s religions and accept religious freedom as everyone’s human right. .
